In central Africa, the Karité tree flourishes remarkably amid harsh, arid conditions. Sometimes called the “tree of life” for its many uses, it yields a nut containing the natural fat, Shea Butter. One of nature’s most effective moisturizers, Shea Butter is ultra rich yet gentle, providing deep healing, moisturizing and protection of skin, hair, cuticles and lips. Pré de Provence is proud to make natural shea butter a key ingredient in many of our products, offering a soothing, softening gift from nature.

THE ARGAN COLLECTION

Used for centuries as a beauty ritual by women in Morocco, this ultra-moisturizing beauty miracle provides healthy radiance everywhere it is applied from hair to skin. Every day skin is exposed to free radical stressors (i.e. pollution, sunlight, poor diet and stress) that rob skin of needed nutrients to help keep skin rejuvenated. Antioxidants help protect your skin from free radicals. Argan Oil is abundant in antioxidants needed to help neutralize these effects.

Moroccan Organic Argan Oil is combined with our herbaceous Lavender Oil, to soothe skin and keep your well-being naturally calmed.

Size of Pré De Provence Soaps:

As water is a standard component in all soap, there is a natural loss of moisture and weight over time. This loss is influenced by time, storage conditions, temperature and climate. Our core Pré de Provence soap line is manufactured to 250g, 150g and 28g sizes. Due to regulations, they may be marked with the manufacturing size, or an estimate symbol of the absolute minimum if extreme moisture loss were to occur.
