What's Inside

1 – 12" Beaded Chain with Decorative Pull
What's Its Purpose
Turning lamp or ceiling fan on and off.

Warning

• Before beginning **TURN OFF POWER** to light from fuse or circuit breaker.
• Follow local electrical regulations or codes when installing and using this product.

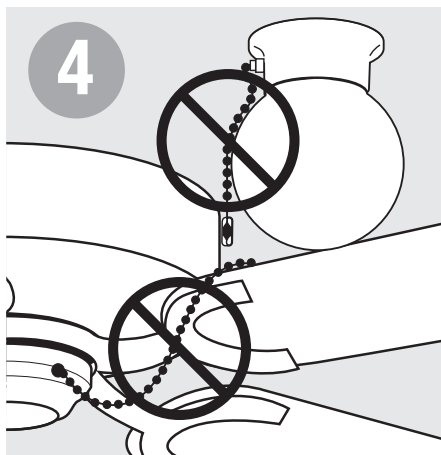

To attach use 3" of existing chain from fixture.

Determine length of new pull chain. Cut or add additional chain.

Snap connector from pull chain over last bead of existing chain.

After installation make sure chain does not rest against lamp or interfere with fan.

Illustration represents typical components, fixtures may vary.
